## COLLAPSE.

That one word sums up the catastrophe which closes the active career of many a business man. Energetic and ambitious, he puts his life into his business. He can barely take time to eat. He cannot rest or take a vacation. And so he tolls on, setting business cares encroach upon his hours of rest and refreshment.

Extra strain needs extra strength.

Extra strain needs extra strength.

Extra strain needs extra strength.

When a man begins to add to his hours of labor, and subtract from his bours of rest, he is putting an extra strain on brain and body. In such cases many men make the serious mistake of using stimulating liquors, or alcoholic medicines. These can only injure. The spur forces on the horse, but does not strengthen him. Stimulants are only spurs. The need of the body is strength, and there's only one thing that will make strength and that is food. Food is the body's life. But food must be digested, before it can nourish the body. It is not what we eat but what we digest that feeds us. Don't neglect the first warnings of stomach trouble. The timely use of Dr. Pierce's Golden Medical Discovery, which is a medicine for the cure of diseases of the stomach and organs of digestion and nutrition will in ninety-eight cases out of a hundred result in a permanent cure. "Golden Medical Discovery" is invaluable to overworked men and women. It strengthens the stomach, increases the blood supply, nourishes the nerves, and gives vital power to brain and body. ratin and body.

There is no alcohol in "Golden Medical Discovery." It contains no opium,

cocaine or other narcotic. It is strictly a temperance medicine.

"I wish to express my thanks to you for your wonderful medicine," writes Mr. George Logan Doggett, of Fiedmont, Greenville Co., S. C., Rox 167. "I was almost past work, suffering so much from chronic catarrh and indigestion. Your Golden Medical Discovery' was recommended by a friend. I used it for three months last fall, and was completely cured of indigestion and greatly relieved of catarrh; for all of which I wish to thank you."

tion and greatly relieved of causing to thank you."

Mr. Edward Jacobs, of Marengo, Crawford Co., Indians, writes: "After three years of suffering with liver trouble and malaria I gave up all hopes of ever getting stout again, and the last chance was to try your medicine. I had tried all the home doctors and received but little relief. After taking three bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellets' I am stout and hearty. It is due entirely to your wonderful medicines."

Dr. Pierce's Pleasant Pellets cure constipation. They do not make the user dependent on them, but can be dispensed with as soon as the cure is dispensed v
